Re: Proposed Electric Power Scheme at Glinsk, Co. Mayo.

Dear Mr. McCarthy,

The Comhlacht was set up some years ago as a development company to represent the community of Belderrig as a whole.

We understand that you are preparing an application for the above power scheme. We feel that there are some concerns within the community. If these concerns are discussed and satisfied we should see no reason why any objections should arise when you are applying for approval. We support in principle this project.

Yours sincerely

Martina Doherty
Secretary
