Re: Proposed Development at Glinsk, Co - Mayo.

To Whom it may concern,

We at the Erris Chamber wholly support the proposed development of an energy storage facility by Organic Power at Glinsk.

We look forward to assisting this company and any others that are willing to consider sustainable development in Erris, in any way possible.

May we also take the opportunity to wish Organic Power every success with their proposed development.

Brendan Hegarty.

President, Erris Chamber.
