7th July 2010

**Ballyvaughan Community Development Group,
C/o Patrick O Donoghue
Chairman,
Loughrask
Ballyvaughan,
Co. Clare,**

Dear Group Members,

I would like to thank you, on behalf of Organic Power, for your time and effort in organising the vote of the 6th July 2010 for the community to decide whether to endorse detailed evaluation of the concept SWPHES at Gleninagh Mountain.

We are naturally disappointed that the sector of the community who turned out to vote were opposed to the carrying out of baseline studies for a project of such national importance. We can only assume, that those who may have been in favour of evaluating the concept, were at best, too apathetic to bother to vote. It is now immaterial.

Given such a demonstrated lack of partnership spirit to explore the project, we have no choice but to explore other locations, where neighbours may be more receptive.

At this time, it is a fact that the community has been consulted on whether to endorse detailed evaluation of the concept PHES for Gleninagh, and has returned a resounding refusal to allow such studies to proceed. We understand that the vote was carried out in an acceptable manner, and we fully accept the conclusion.

Therefore, please be advised that we will not proceed further with the concept PHES for Gleninagh.

Yours sincerely,

Maurice McCarthy

Director,
Organic Power Ltd.
